TRAITS YOU VALUE.

2018 Brown Seed Retail Price List

Brown Seed E+^(R) high oil hybrids to be used exclusively in SideKickTM blends:

BR6211E+ (102 day) Medium plant with strong stalk and roots, excellent yield potential; **SideKickTM** 99-105 day hybrids.

BR3633E+ (106 day) Medium plant with strong stalk and roots, top-end yield punch; **SideKickTM** 103-108 day hybrids.

BR7699E+ (108 day) Medium-tall plant with an excellent stalk and health, solid yields ; **SideKickTM** 105-111 day hybrids.

All three non-GMO E+ hybrids are flex-eared, dual purpose products that will **boost oil levels in the harvested grain to an average of 5.0 to 5.5% without yield drag or additional pollination risk**. They emerge quickly and exhibit excellent heat, drought and disease tolerance. ***Traited versions available, ask your local FSM Dealer for details and availability.***

For best results, increase seed drop by 5-10% and simply top-off the last 25% of each seed box or tender.

Testing has shown up to a 6 pound per head per day increase in milk production where energy is a limiting factor in the diet. Improvements in growth rates and/or feed efficiency of hogs and poultry should be expected similar to those seen when other lipids (fats) are added at comparable levels to the diet.

What is a SideKickTM blend? A seed corn blend created by topping off the last 25% of the seed box or tender containing a commercial corn hybrid with a **Brown Seed E+** high oil hybrid.

Retail Price: \$225 per 80,000 kernel unit non-GMO version; (additional technology fee for traited versions)

Early Order Discounts: 2% on orders placed by September 30, 2017; 1%, if ordered by December 31, 2017.

Early Payment Discounts: Payment postmarked by September 25th, 2017, deduct 12%; October 25th, 2017, 11%; November 25th, 2017, 10%; December 23rd, 2017, 9%; January 25th, 2018, 8%; February 25th, 2018, 7%; March 25th, 2018, 6%. Invoices after March 25th, 2018, payments postmarked within 5 business days of delivery, deduct 5%.

Availability: Our best efforts are made to fill your order as written; however, hybrid and trait availability, grade size, and treatment options cannot be guaranteed; changes will be made with customer approval before delivery. Price includes a standard treatment.

Returns: E+ hybrids are sold on a no return basis.

Replant: 50% on the E+ portion of the **SideKickTM** blend in approved situations. Must be approved by Kevin Fowler before replanting. Subject to availability of suitable maturity E+ hybrids.
