Agri-Energy Chilean Nitrate [15-0-2] Price Dealer Program

We are hoping to put together several semi-loads of 15-0-2 for our organic customers. Customers placing an order with FSM or their local FSM dealer **by January 31, 2017** and **paying in-full by delivery** (anticipated to be in February or March) are eligible for this special trailer load price of **\$1100** per US ton **less 9%, if paid by December 24, 2015; 8%, by January 22, 2016; 7%, by delivery in February**. Orders are subject to availability and space on the load (roughly 22 ton per load). Weight per tote is 2645 pounds (1.3225 tons). **Fifty pound bags may be available for \$60 per US ton additional**, subject to availability at shipping. Customer will be responsible for pick-up at central delivery point, unless other arrangements are made with your local FSM dealer.

FSM Dealer cost on totes of Chilean Nitrate [15-0-2] is **\$995. Per US ton delivered** to a central delivery point (most likely in the Wayne county, Ohio area). FSM early payment discounts stated above apply, if your account is in good standing. FSM Dealer would be responsible for transportation from drop point. An additional delivery fee depending on the mileage will be assessed if FSM has to deliver your totes of product.
